ONE FARM BY WAAYB

Sustainably
sharing Nature's
remedies to
enrich the lives of
those around us.

Our Story

We combine high quality natural ingredients with our USDA Organic CBD to give your body the best that nature has to offer. We control everything from seed to self in order to provide all-natural products you and your clients can trust.

WAAYB was founded in January 2017 with the goal of creating the highest quality CBD products on the market. When we began we quickly realized that the CBD space offered very little information about how hemp was being grown and processed. This made it difficult to

decipher if you were getting a quality product or something with traces of pesticides, heavy metals and solvents. We decided our products would be created with the best hemp, grown organically in the perfect climate, extracted without toxic solvents, and mixed with quality ingredients. The only way to accomplish this was to oversee every aspect of production from planting, harvesting, extracting and bottling. By controlling everything from seed to shelf, we give you the assurance that everything we make is from our USDA Certified Organic hemp, lovingly raised, cultivated and processed 100% by us in Colorado.

HEMP

Hemp extract is created by processing hemp plants to concentrate the cannabinoids and terpenes found in the leaves and flowers.

CBD is one of the most prevalent cannabinoids found in hemp and has been used to **calm** nerves, **focus** attention, **recover** from inflammation and **support** healthy sleep cycles.

Scientists found that the benefits of CBD are more pronounced when it can work together with the other cannabinoids found in hemp, a phenomena called the **entourage effect**. For this reason, all our products are made with **full-spectrum hemp extract**.

USDA ORGANIC CBD
Formulated to bring
you nature's best.

100% of our hemp is hand harvested to reduce the amount of material wasted, prevent diesel and exhaust from contaminating the product, and reduce our carbon footprint.

We use Supercritical CO₂ extraction method. This allows us to extract the beneficial cannabinoids without the use of harsh solvents.

CBD BENEFITS

Below are the top benefits our customers get from using our CBD¹

- 1 Reduction in pain caused from inflammation
- 2 Improved pet anxiety & joint pain
- 3 General improvement in health
- 4 Lower stress & anxiety
- 5 Improved sleep

1. Per 150 person customer survey

Not all CBD is created equally.

All our material is hand shucked to remove the stalks and leaves ensuring no unwanted by-products are in our final product.

Our hemp extract is distilled to remove any impurities. Our average distillate is 85% cannabinoids.

Because we use the highest quality CBD, our customers have a better experience than the typical CBD user, which is why 92% of customers are likely to extremely likely to recommend our products to friends or colleagues.¹

ONE FARM BY WAAYB

PET CBD

There is a strength for every size of animal, from a guinea pig to a St. Bernard. It is best applied directly into the animal's mouth so the oil can be absorbed through the bloodstream. It can also be placed on their favorite treats.

OUR PETS

With our variety of pet products, you can choose how you want to maximize your pet's daily CBD.

One Farm CBD Oil for Pets is made with the same high quality USDA Organic CBD extract and ingredients that we use for our human products. You can be assured that your pets are taking the same safe and effective CBD that you are! It comes in four strengths, 3.3mg/serving, 10mg/serving, 20mg/serving and 30mg/serving.

PET CBD OIL THE ONE THAT STARTED IT ALL

Applied in the cheek or jowl, the CBD Oil is absorbed into the bloodstream. Bottles include suggested serving size based on the weight of your pet.

PET WATER SOLUBLE ADD IT TO ANYTHING

Fast acting with the highest bioavailability, this can be added to your pet's food or water and is the suggested alternative if you are struggling to administer the oil. Coming only in 20mg/serving, a little goes a long way

PET TRANSDERMAL FLAVORLESS AND EXACT DOSING

Our Transdermal CBD lotion has medical grade accurate pumps, assuring each pump contains the exact amount of CBD you are looking for. Massage any place where fur is scarce (ears, stomach, etc.) to get the best absorption.

OUR CLIENTS

Retailers all over the country have trusted us to be their CBD provider.

Our products can be found all over the country in compounding pharmacies, spas, boutiques, and health and wellness stores. We strive to develop partnerships with our wholesalers and are often their bestselling CBD product.

SOME OF OUR CLIENTS

- Healthy Pet
- Tomlinson's
- Whole Pets
- Dancing Paws Wellness Center
- Pet Foods Market
- Holistic Pet Nutrition Center
- Roll Away Dog Cafe
- Bentley's Pet Stuff
- Little Paws Pet Saloon

What they said about us?

ELIZABETH STRAUB
HOLISTIC PET NUTRITION

This company does everything that a CBD oil company with integrity should be doing. They are the ONLY brand I'm willing to sell in my holistic pet food store. We trust them and we see real results

RAE McSTAY
ROLL AWAY DOG CAFE

I've been using WAAYB for myself and my pets for a couple of years now. It is the most effective cbd oil I've ever tried. It has absolutely changed my life and offered a better quality of life for my elderly, arthritic pets, as well as my dog with high anxiety. It has given me the best sleep of my life, the courage to overcome my anxiety and taken away my stress related joint pain. I am so impressed with the company's transparency and commitment to producing a high quality product. They are always willing to answer any of my questions. I will never use any other oil. Thank you, WAAYB!

NEIL SIVULA
DANCING PAWS ANIMAL WELLNESS CENTER

As a Holistic Veterinarian, we have tried a number of Hemp products in our practice. The WAAYB pet product has been extremely helpful in the management of problems like arthritis, seizures, digestive issues, and anxiety in our patients. The product is both affordable and easy to administer. Highly recommended!

Customer Reviews

1

Kaleigh Carter

Verified Customer

I'm not sure what this hemp extract oil is doing for my 16 1/2 year old dog but she went from being on her death bed, no energy, vomiting for 3 days, me thinking it was over to this. I walked her a mile last night at sunset after the first single dose of your oil... I haven't seen her with this much enthusiasm and energy and pep in years.

2

Donna

Verified Customer

Duchess, an American Cocker, began having seizures with vomiting around 2 years of age every 5-6 months. We tried everything. After extensive tests and other treatment My vet recommended a holistic approach. She recommended One Farm oil. Duchess has not had a seizure in over 10 months! Duchess will remind you that she needs her "medicine" if you forget! So far, we have had great results.

Kaitlin Sheppard

Verified Customer

There aren't words to describe how wonderful this product is other than life saver. Thank you guys for making something so wonderful! We are forever grateful and relieved for how well it has changed our pups.

4

EDIE H

Verified Customer

One Farm helped our 15 year old border collie live his life pain free. Thank you One Farm for producing a clean hemp product to elevate canine arthritis. Modibo took your product daily for over 2 years and worked sheep until the day before he passed. We celebrate you.

5

VERONICA B

Verified Customer

This product has helped my 13 year old lab mix Harley. I saw a difference within 24 hours. But waited to write my review until he had a couple weeks on it. He is more mobile, less anxious and has his ol puppy spunk back.

6

Carrie Donahue

Verified Customer

As a veterinarian, I try to use natural, non-toxic therapeutics as much as I can as an alternative to medications, especially for issues like epilepsy, anxiety and arthritis. I have used and prescribed a variety of different CBD formulations in the past from different supplier – but I can say in complete honesty that the One Farm CBD oil is the one that clients return for and continue to ask for refills.

We're ready for your business.
