A PAW THECARY ORIGIN STORY

Ziggy Marley has always loved animals, but his bond with their new family dog Romeo inspired him to make the move to develop certified organic pet remedies, so pets and their owners can spend more quality time together.

To ensure Romeo had the right nutritional support to keep him active well into his golden years, Ziggy teamed up with One Farm to formulate only the B.E.S.T. pet remedies with fair-trade, organic ingredients sourced directly from the people who grow them.
